

TELECOMMUNICATIONS ENGINEERING: NON-THESIS, MASTER OF SCIENCE

Minimum Total Hours (Non-Thesis): 32

Program Code: M860 Q651

Each student must satisfactorily complete a comprehensive professional project constituted by satisfactory completion of TCOM 5671 and TCOM 5682. A successful defense of the project is part of the oral comprehensive examination. TCOM 5671 and TCOM 5682 cannot be taken during the same semester.

Code	Title	Credit Hours
Required Courses		
TCOM 5113		3
TCOM 5213		3
TCOM 5272	Telecommunications Laboratory	2
TCOM 5553	Telecommunications Technology	3
TCOM 5671	Professional Project Proposal Development	1
TCOM 5682	Professional Project	2
Core Courses		
	Choose at least 12 hours of technical elective course work from Telecommunications, Electrical and Computer Engineering, Mathematics and/or Computer Science	12-18
Electives		
	Choose 0-6 hours	0-6
Total Credit Hours		32

The master's degree requires the equivalent of *at least* two semesters of satisfactory graduate work and additional work as may be prescribed for the degree.

All coursework applied to the master's degree must carry graduate credit.

Master's degree programs which require a thesis consist of *at least* 30 credit hours. All non-thesis master's degree programs require *at least* 32 credit hours.

Credit transferred from other institutions must meet specific criteria and is subject to certain limitations.

Courses completed through correspondence study may *not* be applied to the master's degree.

To qualify for a graduate degree, students must achieve an overall grade point average of 3.0 or higher in the degree program coursework and in all resident graduate coursework attempted. A student must also have at least a 3.0 in all coursework (including undergraduate coursework if any).

Additional information for master's degree students may be found in the Graduate College Bulletin.
