

GEOPHYSICS, MASTER OF SCIENCE

Minimum Total Hours (Thesis): 30

Program Code: M480

- This degree is Thesis Only.

Required Courses

Code	Title	Credit Hours
Core Courses		
Choose 18 hours of work in Geology, Geophysics and Mathematics		18
Thesis		
GPHY 5980	Research for Master's Thesis	4
Electives		
Choose 8 hours of coursework from Geology, Geophysics, Mathematics, Physics, Engineering and/or Chemistry		8
Total Credit Hours		30

- Program effective FA70. Check sheet version 12/2014.

The master's degree requires the equivalent of *at least* two semesters of satisfactory graduate work and additional work as may be prescribed for the degree.

All coursework applied to the master's degree must carry graduate credit.

Master's degree programs which require a thesis consist of *at least* 30 credit hours. All non-thesis master's degree programs require *at least* 32 credit hours.

Credit transferred from other institutions must meet specific criteria and is subject to certain limitations.

Courses completed through correspondence study may *not* be applied to the master's degree.

To qualify for a graduate degree, students must achieve an overall grade point average of 3.0 or higher in the degree program coursework and in all resident graduate coursework attempted. A student must also have at least a 3.0 in all coursework (including undergraduate coursework if any).

Additional information for master's degree students may be found in the Graduate College Bulletin.
