The mission of Education Abroad is to provide OU students with safe, academically relevant and personally transformative study abroad opportunities across the world. Education Abroad develops programs aimed at increasing cross-cultural awareness and emphasizing international education. The office maintains linkages with professional organizations at the state, national and international levels. This unit works in close liaison with college deans and assists faculty in seeking external funding for international projects and collaborative research. EA has a library and resource center with information on foreign nations, universities, foundations and agencies.

## International Study Centers

International Study Centers are the signature study abroad programs at the University of Oklahoma! Located in three attractive locations, students can take classes taught by OU professors, explore the language and culture of their host country, engage in meaningful dialog with locals, and get active with community service or through internships, while earning credit towards their degrees.

- **OU in Arezzo**  
OU in Arezzo is the signature study abroad program of the University of Oklahoma! You will take classes taught by OU professors at the OU in Arezzo center in Italy and pay OU tuition and fees. Visit [arezzo.ou.edu](http://arezzo.ou.edu) to see all the courses offered in Arezzo throughout the year.
- **OU in Puebla**  
OU in Puebla is the University of Oklahoma's Mexican Study Center.
- **OU in Rio de Janeiro**  
OU in Rio de Janeiro is the University of Oklahoma's Brazilian Study Center.

## Journey Programs

Journey Programs are four weeks long in the summer and offer General Education Credit. These programs are taught by OU professors, have OU tuition and fees, and come with their own scholarship for airfare!

## College Sponsored

College Sponsored programs are led by professors from many OU colleges and are geared toward their own majors and are offered

mainly in the Summer. Search for the OU colleges offering study abroad programs in the program search engine.

## University Exchange

University Exchange means taking classes at a university abroad, but paying OU tuition and fees at your normal rate. These programs are highly immersive and ideal for independent learners and students with financial aid tuition waivers.

## Affiliate Programs

Approved Affiliate Programs are programs facilitated by specific affiliate providers or universities abroad with which the University of Oklahoma has an active agreement and where you pay directly to that specific university or provider. Financial aid, excluding tuition waivers, can be applied to this program type if they are listed in the Education Abroad program search engine

## Selection Criteria

Students are selected for study abroad programs based on the following criteria: grade point average, personal essay, financial aid requirements, academic standing, and letters of recommendation. For certain study abroad destinations with limited availability, the selection process is quite competitive. All students who qualify for study abroad are offered a location for study, but because of the competitive process, some may not be admitted to the school or destination that they most prefer. Contact the Education Abroad Office for application information.

## International Student Services (ISS)

www.ou.edu/cis/iss

International Student Services (ISS) assists year-round more than 2,000 international students and their dependents from over 100 countries.

ISS should be the first point of contact for international students. We are a federally designated office for creating, extending or terminating visa statuses, and we also respond to federal audits, site visits and requests for information. We maintain the Student and Exchange Visitor Information System (SEVIS) compliance for OU, and also register all eligible F-1 and J-1 international students each semester.

F-1 and J-1 visas are issued by US consulates to qualifying students studying in the United States. F-1 visas are issued to students whose primary source of funding for college comes from personal or family funds. Most often these are long-term, degree-seeking students. J-1 visas may be issued to students whose primary funding for school comes from a third party, such as a university, corporation, non-profit or the government.

International students must maintain their lawful visa status in order to pursue and complete their academic programs in the US. It is the student's responsibility to maintain lawful visa status, and we are here to offer assistance.

F-1 and J-1 students studying at the Norman or Tulsa OU campuses can get assistance from the ISS office in Norman, while F-1 and J-1 students

studying at the OU Health Sciences Center (OUHSC) need to visit the HSC Admissions and Records Office for assistance.

Additional services we provide for the OU international community include immigration advising for international students and campus departments, short-term employment authorization advising for qualifying students, extensions of stay, dependent immigration advising, campus outreach programs and more.

### **INTERNATIONAL Advisory Committee (IAC)**

The International Advisory Committee (IAC) serves as the umbrella organization for the international student organizations at OU. IAC organizes and facilitates various intercultural, social, political, and intramural events among member international student organizations. .

## **Undergraduate Study ADMISSION**

Students must be admitted to the University of Oklahoma before being admitted to the College of International Studies. First-year students are admitted to University College. The freshman year at the University of Oklahoma is spent in University College, which provides an advisory system for freshmen and assists students in choosing a major. Transfer to the Department of International and Area Studies from University College is automatic upon completion of the IAS admission requirements below.

### **Admission to the College of International Studies**

The minimum requirements for admission are:

- A declared International and Area Studies major;
- At least a 2.00 combined retention grade point average on all college-level work attempted; and,
- At least 24 semester credit hours of earned college-level credit.

International and Area studies majors also have a minimum major grade point average requirement for graduation, as discussed in the graduation requirements section.

### **STUDENT ADVISEMENT**

The College of International Studies (CIS) requires all undergraduate majors to be advised prior to each enrollment. Current students will meet with the professional Academic advisors in the Department of International and Area Studies. advisors assist students in choosing courses appropriate for the IAS major, guide students in career and major-specific information, and assist in the evaluation of study abroad work for major credit. Their telephone number is (405) 325-4547. After advisement, students enroll in classes through the online enrollment system.

The College of International Studies Academic Services Office certifies students for graduation and organizes the convocation ceremonies. The Academic Counselor in this office answers questions regarding academic standing, transcript evaluation, degree requirements, or other University regulations. Students who have earned 80 hours or more must meet with this office for an official degree check. Appointments with the Academic Services office can be scheduled by calling (405) 325-1429.

### **TRANSFER STUDENTS**

Students who wish to transfer from other colleges or universities should be aware of the following:

- Transfer students who have completed at least 24 semester credit hours will be admitted directly into the Department of

International and Area Studies if they meet the University's admission requirements.

- Transfer students who have earned fewer than 24 semester credit hours will be admitted to University College.
- The Office of Admissions will determine acceptance of credits from the transferring institutions.
- The Department of International and Area Studies will determine how these credits apply toward the requirements for an IAS degree.
- All newly admitted transfer students must meet with an academic counselor in the Academic Services Office prior to their first enrollment at the University of Oklahoma.

Transfer students should be familiar with the requirements for their chosen International and Area Studies major.

### **SCHOLASTIC REQUIREMENTS**

A student must maintain at least a 2.00 grade point average in order to be in good standing in the Department of International and Area Studies. Any student whose combined or OU retention grade point average falls below 2.00 is placed on academic contract status, and must meet specific conditions established by the Department of International and Area Studies. Failure to meet these conditions will result in denial of enrollment privileges as an International and Area Studies major. Additional grade point average requirements in the major are necessary for a student to be eligible for graduation, as detailed in the Graduation Requirements section of this chapter.

### **GRADUATION REQUIREMENTS**

*The responsibility for meeting graduation requirements lies with the student.*

The requirements for graduation from the Department of International and Area Studies programs normally have four components:

- University-Wide General Education requirements,
- Department of International and Area Studies requirements,
- Major requirements, and
- Free electives.

The specific requirements for majors and minors are listed on Degree Requirements Checksheets.

### **Application for Graduation**

Students are responsible for filing an official graduation application during their final semester. Graduation applications are submitted online through one.ou.edu. Failure to file the graduation application will result in the student not being eligible for graduation during that semester or term. Those students who plan to graduate in the fall are strongly encouraged to apply for graduation before September 15; those finishing in the spring before February 15; and those finishing in the summer before June 1. In addition to completing all academic requirements for the undergraduate degree, students must also pay all tuition and fees before the degree can be conferred.
