Minor

The requirements for a minor must be completed concurrently with the major degree requirements.

No minor may be added by completing courses after receiving the bachelor's degree.

No single course may be used by a student to satisfy a major requirement and a minor requirement. A course may be used, however, to satisfy both a major support requirement and a minor requirement.

Both two and four-year Air Force ROTC programs are offered.

Students who elect not to participate in the General Military Course may substitute a five-week summer field training period for this requirement.

Four-year cadets participate in a four-week training period during the summer between their sophomore and junior years.
