- The requirements for a minor must be completed concurrently with the major degree requirements.
- No minor may be added by completing courses after receiving the bachelor's degree.

At least six (6) credit hours must be earned in courses acceptable for residence credit by standards set forth by the Dodge College of Arts and Sciences, excluding transfer, correspondence, and examination (AP, CLEP, Advanced Standing) credit. Courses for the minor may not be taken Pass/ No Pass.

No single course may be used by a student to satisfy a major requirement and a minor requirement. A course may be used, however, to satisfy both a major support requirement and a minor requirement.

Requests to substitute a minor requirement must be approved in writing by the Department of Political Science.

Students must successfully complete at least 15 hours of courses acceptable for major credit in Public Affairs and Administration, including at least nine (9) hours at the upper-division level. Note that introductory courses are not counted toward this total. Up to three (3) hours of other Political Science courses may be substituted with the permission of the Department of Political Science.

Required Courses

Each of the courses to be offered to students minoring in Public Affairs and Administration is part of the curriculum of the bachelor's degree in Public Affairs and Administration. As courses are added to the bachelor's curriculum, they will also be available to students taking the minor. Only three (3) courses from outside of the department are included. One of these courses is NPNG 2033; the other two (2) courses are offered by Economics. They have been included in the curriculum of the minor in Public Affairs and Administration because they emphasize public sector activities which are not covered in any political science courses.
